

# BARACK OBAMA

## LEADERSHIP ACADEMY

November 21, 2021

Dear Barack Obama Leadership Academy families, staff and community,

I hope this message find everyone in good health and spirits. Please be advised, four confirmed cases of Coronavirus (COVID-19) have been identified at Barack Obama Leadership Academy. We work closely with the Detroit Health Department by identifying possible exposures, as to prevent further cases.

**This letter is informational only; no further action is required at this time unless directly communicated by administration.**

There are many things that can be done to keep our school, families and community safe!

1. Children and adults must stay home when ill. Contact Mama Kim if you or your child test positive for COVID-19.
2. Wash hands often with warm soapy water for at least 20 seconds.
3. If a hand washing station is not available, use hand sanitizer.
4. Follow CDC guidelines, wear a face covering and social distance yourself from direct contact with people.

Please be advised, all communication regarding a crisis or the safety of our students and staff will come from administration only. We are aware of the rising cases of COVID-19 in Michigan and we are in the process of devising a plan in the event that we move to a Hybrid or Distance Learning Model. As soon as the plan is finalized, you will be informed.

As always, it's a pleasure serving you, our future leaders' and the community. If you have any questions or concerns, please feel free to contact me.

Warmest Regards,

Mrs. Kim Pritchett, M.Ed.  
Superintendent/Principal
