**April News**  
**Earth Day 2022**

The theme for Earth Day 2022 is "INVEST IN OUR PLANET", focusing on the effects of climate change on the planet that we all share and what efforts are being made in the real world to mitigate it. In keeping with the theme, Earth Day 2022 will center on “accelerating solutions to combat our greatest threat, climate change, and to activate everyone — governments, citizens, and businesses — to do their part” announced the organization. This April 22nd, check out ways to help in the cause with ideas for your own personal projects for observing Earth Day 2022:
